

Sigma auction object list

The board of Sigma was forced to clean out their board closets. They would like to share the treasures they found with their members. Below you will find the list of special objects that will be auctioned of on the 11th of March. The objects are divided into the categories 'normal', 'CoBo gifts', 'Sigma' and 'random'. All bidding will start at €0,10 and you can decide yourself with what amount you would like to increase the bet. All money will go to the charities of RAGweek so don't be afraid to spend.

Round 1: 'Normal' objects

	<p>1.1 Chess drinking game:</p> <p>The tactical game that has been around for ages is now put into a new format. Gather your friend and take this challenge. The worse you are, the worse it will get for you...</p>
	<p>1.2 Shot roulette:</p> <p>Though the casinos are closed, you still feel this urge to your gambling needs. Good news: you can now combine it with you drinking needs. If that doesn't sound like a good plan, then I don't know anymore. Be aware, there is one glass missing.</p>
	<p>1.3 Radboud note paper:</p> <p>Send your friends and colleagues letters from now on in the classic Radboud style. You will look like you truly belong at this prestigious university. I think this object will appeal mostly to (former) secretaries.</p>
	<p>1.4 Backpack filled with 4 beach ball sets:</p> <p>Gifted by our sponsor Perkin Elmer we present this sporty backpack. The backpack can be used for sports activities such as hikes or camping. As a bonus it contains multiple beach ball sets.</p>

	<p>1.5 Blender:</p> <p>In the old times Bacchus was still allowed to make cocktail at their borrels, but everything changes when the university attacked.. erm changed their rules. Now that the committee no longer needs this blender, we would like to make a Sigmate happy with it.</p>
	<p>1.6 Shrek mask:</p> <p>Last year the OneCee organized a Shrek movie night. Because this year there is no OneCee, we have decided to auction of the mask. May it b a great memory to this movie night!</p>
	<p>1.7 Assortment of shot glasses:</p> <p>Coming back to the incident after which Bacchus lost their privileges to pour strong liquor during their borrels. Because of this they no longer have the need for these glasses. Perhaps this can be a great item for someone that just moved to a student room.</p>

Round 2: CoBo gifts

	<p>2.1 Dart board drinking game:</p> <p>Not is only is this a great drinking game to play with your friends, roommates and family, it was also a CoBo gift. This game was given by the 40th board of Sigma to (presumably) their successors. This game is both great for the relevant board who has fond memory of giving or being given the games, but it could also be nice for members that just want to play a drinking game.</p>
	<p>2.2 Towel:</p> <p>To me this object looks rather uhm unsanitary. However, to the right person it could provoke the fondest memory. This towel contains multiple autographs and a clear 'Jelle Siemes' on the front.</p>

	<p>2.3 Metal plate from Alchimica:</p> <p>From our dear sister to the board of Sigma. Is this the missing part that could cheer up your living room? Someone took a lot of effort into drawing this and it would be a waste if it would not find a new owner.</p>
	<p>2.4 Brick:</p> <p>Taken from its original place on top of the main board closet, we present this lovely brick. It contains autographs from the 32nd board of Proton and was given to the 41st board of Sigma. To the ordinary people it might look like a simple brick, but with a little imagination, this is the foundation of our entire association.</p>
	<p>2.5 Proton clock:</p> <p>This clock was given by the 34th board of Proton to the 43rd board of Sigma. The sticker on the front makes reading the time a bit hard. However, the personal touch that the writing and autographs add make up for this.</p>
	<p>2.6 Japie candy jar:</p> <p>From a sister from the south we have found this candy jar. The logo of the association proudly shines on the lid. The jar still contains some lolly's, but of course you can fill it up yourself again.</p>
	<p>2.7 Alembic bell:</p> <p>An iconic item that has been in the board closets for quite some time. This large metal bell was given by the board of Alembic to the board of Sigma. The bell shows true character in its worn out metal look, but is in fact still functional. Ideal for someone that wants to gather all their roommates with the ring of one bell.</p>

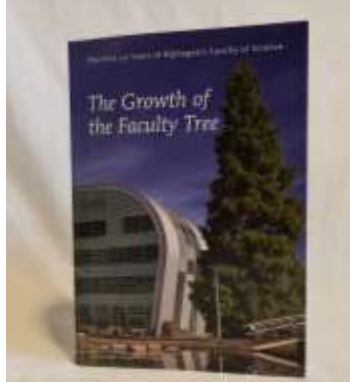

Round 3: Sigma objects

	<p>3.1 Sigma, Desda and Alchimica beer cans:</p> <p>Show up to the net Olympus beer garden with one of these beer pulls. Of course you would want to use the Sigma beer can, but as a bonus we have thrown in two more. The Alchimica one is even an old board CoBo and has extra character because of its decoration of signatures.</p>
---	---

	<p>3.2 Photon poster:</p> <p>Before we went into lockdown in March, photon presented a poster in the South Canteen. The poster was made around the time of Valentine's day and is therefore in a heart shape. It shows some iconic Sigma events and could be used to decorate your walls.</p>
	<p>3.3 Assortment of CoBo cards:</p> <p>Over the past years a collection of cards has piled up in the secretary cupboard. The collection presented here contains CoBo invitation of the board of Sigma, it's brother and its sisters.</p>
	<p>3.4 Assortment of old G-mi's:</p> <p>Have you missed one of Sigma's magazines in the past years? Well here is your chance to make up for it. You can now get this selection of old G-mi's and make your collection complete.</p>
	<p>3.5 Board points board:</p> <p>A tradition held by the 43rd board. The board rigorously kept track of one's EC's, board points and many more. This board contains the original scores of when the former board last updated their scores.</p>
	<p>3.6 ONCS poster with ONCS stickers:</p> <p>Though the ONCS were cancelled last year, this poster was still in Sigma's possession. It is in fallible condition and can give your room the cheer that it needs. With this object we will throw in some ONCS stickers.</p>

	<p>3.7 Lustrum stickers:</p> <p>In the 8th lustrum of Sigma every activity had their own sticker. This box contains all these old stickers. Mark your room with Sigma sticker, decorate your bike or share them with friends. A unique opportunity to immediately get a full collection of lustrum stickers in one bidding.</p>

Round 4: Random stuff

	<p>4.1 Pictures of old Sigmates:</p> <p>Preserved in a little plastic box is this selection of pictures. Have you always wondered what old Sigmates looked like? Well now is your chance to be the proud owner of this unique collection of photos.</p>
	<p>4.2 Home cooked meal by the Sigma board:</p> <p>We know nobody wants to cook every single night. You can use this ticket to get one free home cooked dinner made with love by the Sigma board. We will be sure to surprise you with a lovely meal.</p>
	<p>4.3 Brown leather shoes:</p> <p>Everyone we have asked did not know to whom these shoes belong. Apparently they have resided in the board closet for quite some time. We are now giving the owner a chance to buy his shoes back or giving the shoes a new owner.</p>
	<p>4.4 Book 'The Growth of the Faculty Tree':</p> <p>Have you always wondered how our amazing faculty has grown from just one study to the immense spectrum of studies and research it offers today. This all is explained with a tree analogy in this unique book. Besides this, it can also be used to put on a fire and keep you warm in those cold winter days.</p>
	<p>4.5 Date with a board member of your choice:</p> <p>Last but not least, we are giving our members the opportunity to get to know the board a little more. After winning this bid you can choose your favorite board member to go on a date. The board member will arrange the date. Be aware, some of our board members are currently in a relationship. This does not restrain them from going on a date though.</p>
